# HP Pro 3500 Microtower Business PC
## Simply business

Meet your everyday business needs with a powerful, stylish PC that's budget-friendly.

HP recommends Windows® 7 Professional.

### A tool for success
Versatile, dependable, and modern—just like your business. Introducing the HP Pro 3500 Microtower Business PC, a smart design with the latest PC technologies and expandability features ideal for your everyday needs.

### Meet demands head on
High-speed memory and super fast processors provide an impressive level of performance. Choose from 2nd or 3rd generation Intel® Core™,[2] Celeron®, or Pentium® processors for the latest in proven PC performance.

Take client presentations and design projects to the next level with integrated Intel® HD Graphics.[3] Add a discrete PCI Express x16 graphics card for improved performance. The HP Pro 3500 Microtower also includes three PCI Express x1 slots for additional expandability options when you need them.

### Connect here
Increase productivity with independent dual-monitor[1] support with standard VGA and DVI-D video outputs. Expect well-placed ports with quick and easy access for the devices and peripherals your employees use the most, including six USB 2.0 ports (two front-facing, four rear-facing), an RJ-45 Ethernet interface, audio line in/line out and microphone and headphone ports.

### Essential security
Control access to your device and data with optional HP ProtectTools Security Suite for SMB,[1,11] a complete set of software features designed to protect your data. Permanently erase sensitive information with HP Disk Sanitizer and File Sanitizer,[12] and encrypt data on your hard drive with Drive Encryption. Easily store multiple passwords to protected websites and applications, and automatically sign in with Password Manager.

### We've got you covered
With innovative engineering and thousands of hours of testing, you get a reliable and durable desktop built to go the distance.

The HP Pro 3500 Microtower comes with award-winning service and support, including a standard 1-year warranty. Additional coverage is available through HP Care Pack[8] Services.

Internal 3.5" hard drive bay

(3) PCIe x1 slots, (1) PCIe x16 slot, and (1) miniPCIe slot

# HP Pro 3500 Microtower Business PC

1. Sold separately or as an optional feature.
2. Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing on Intel® architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers, and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel® 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
3. HD content required to view HD images.
4. For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 15 GB (for Windows 7) of system disk is reserved for system recovery software.
5. With HD DVD certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some HD-DVD titles to play, they may require an HDMI digital connection and your display may require HDCP support. Blu-ray disks cannot be played on this drive. Note that DVD-RAM cannot read or write to 2.6 GB Single Sided/5.2 GB Double Sided – Version 1.0 media. Actual speeds may vary. Don't copy copyright-protected materials.
6. Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
7. Wireless access point and Internet service sold separately. Availability of public wireless access points limited.
8. Service levels and response times for HP Care Pack Services may vary depending on your geographic location. Service starts from date of hardware purchase. Restrictions and limitations apply. HP Care Pack Services extend service contracts beyond the standard warranties. To choose the right level of service for your HP product, use the HP Care Pack Services Lookup Tool at **hp.com/go/lookuptool**. Additional HP Care Pack Services information by product is available at **hp.com/services/carepack**.
9. System may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. Not all features are in all editions of Windows 7. See **microsoft.com/windows/windows-7/** for details.
10. Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and **office.com**.
11. HP ProtectTools requires Microsoft Windows.
12. For the use cases outlined in the DOD 5220.22-M Supplement. Does not support Solid State Drives (SSDs). Requires Disk Sanitizer, External Edition for Business Desktops from hp.com. Initial setup required. Web history deleted only in Internet Explorer and Firefox browsers and must be user enabled.

Please see the product QuickSpecs document for additional detailed specifications and information. See **hp.com/go/businessdesktopPCs** for more information about HP Business Desktop PCs.
